Dedication

Mrs. Clarie Conger who has served us faithfully as a teacher, counselor, and friend for twelve years, we, the Seniors of 1960, wish to express our sincere gratitude. She has proved herself more than a teacher to us by her understanding, guidance, kindness, and friendliness at all times.

Coach James Blake has been our coach, teacher and friend for the past three years. As a coach and teacher, we are grateful to him for his sense of fair play and sportsmanship. As a friend, he has given us guidance and understanding at all times.

We think these fellows are really "Tops." They have provided for us so many things that they have made our school days in FHS happy ones.

Our sincere thanks to you all for unselfishly thinking of our interests at all times.

Biology

There are two kinds of education. One is that which makes you pass examinations, the other is the one you enjoy. This makes education an atmosphere, a discipline, and a lift; and produces a human being.

It is better to know where you are going than to get there fast. Live each day so that it will be one more day to remember.

We have tried to reproduce with snapshots, autographs, and activities the spirit of a memorable year at Forsan High School. We have tried to give you insight into the real character of the school and the people who make up this yearbook. We hope this book will prove a link with these acquaintances who will share these memories with you though you be miles apart.

I am grateful to the yearbook staff, the administration, faculty, and the student body for their co-operation and encouragement.
